Universal Fellowship of Metropolitan Community Churches

CHRISTIAN EDUCATION COMMITTEE

June 6,1975
Dallas, Texas

Dear Brothers and Sisters in Christ,

As you well know we are approaching General Conference and we would hope that you will be looking to the educational needs of your congregation. Our report was tabled last year in San Francisco and will again be put before the delegates along with an addendum sheet this year in Dallas.

We believe there is a need to study the educational material coming out of other denominations. We further feel that we need to take the best of that material, adding to it from our own study work the necessary formats for the growth of our congregations in the Fellowship.

To that end we will be requesting the appointment of a Christian Education Commission to put together curriculum material to aid you in those areas where you have expressed a need. (ie: Sunday School, Adult Bible Study, Deacons and Exhorters Training, Membership and/or Inquirers Class).

We ask your support and also suggestions from you to help us better serve this Fellowship and its people.

In His Service,

Rev. C. Shawn Farrell
